Parent Involvement Plan 2017-2018

At Dixie Sun, we believe that with a strong parent-school partnership we can accomplish the academic and social goals that we have for our students. We know that high parental involvement leads to academic success in school and children that are more prepared to succeed in the world.

Dixie Sun Elementary is committed to:

- * Report annually to the parents the status of the Title I program.
- * Send correspondences regarding services available to children and parents.
- * Provide opportunities for the participation of parents with limited English proficiency as well as sending information and school reports in English and Spanish.
- * Hold math and literacy nights at the school with activities for students and families to participate.
- * Having all Washington County School District calendared SEP's with a variety of meeting times if parents are unable to attend during scheduled times.
- * Creating a school, parent, and student compact with partnerships from the Community Council.
- * Providing parents with specific opportunities to be involved in their child's education at Dixie Sun Elementary.
- * Provide opportunities for parents to learn about parenting, technology, and helping students at home with literacy and math.
- * Provide a family center with materials available for use at home.
- * Including the parental involvement policy in the school improvement plan.
